Wouldn't it be nice to get away from it all for a couple of days? Just the two of you? No long trips, heavy bags, or extensive vacation planning; just some nice, peaceful time away from everyday hassles. At Cabins & Candlelight, you'll find a romantic log cabin getaway unlike any other in central and west-central Indiana. You'll easily leave behind the hectic pace, pressures and distractions of everyday life, even though we're just 35 minutes northwest of I-465 in Indianapolis. Our cabins are perfectly designed for social distancing. It's just the two of you in your cabin, some deer in the meadow and squirrels and birds in the woods. Make Cabins & Candlelight your crowd-free destination to relax, restore and reconnect! These are luxurious cabins, built with modern day amenities, which allow you to enjoy the rustic warmth and appeal of log construction without sacrificing comfort. Both of our cabins include the following features: 15-Foot Stone Fireplace with gas-burning logs Oversized whirlpool bathtubs Entertainment centers with TVs/Blu-Ray DVD/CD players, audio systems Spacious bathrooms with large showers and double sinks Complete furnished kitchens High-pitched cathedral ceilings Ceramic and plush carpet floor coverings Central heat and air conditioning Reclining chairs and leather sofas Queen-size Sleep Number beds Covered front porches with gliders Screened decks with patio tables and reclining chairs Gas grills Fire pits and furnished firewood One of the first things to grab your attention as you enter your cabin is the striking stone fireplace. It stretches over 15 feet in height at its peak. Offsetting its bold, dominating appearance is an intricately, hand-carved basswood mantel. The fire is started with a flick of a switch, so there are no matches, tinder, kindling, or logs to mess with. Situated in front of the fireplace is a soft leather sofa to curl up on and enjoy the warm glow. If it's relaxation you're after, you've come to the right place. The oversized corner tub can comfortably accommodate two people, even if you're a bit on the tall side. And it's not just a bubble-blower since it boasts a powerful 2-horsepower pump and seven adjustable jets. An in-line heater will keep your bath water toasty for even the longest soaks. And if you're concerned about hygiene, our tubs feature a patented system which allows us to clean all of the internal piping between each guest. We don't intend for you to spend your getaway slaving over a hot stove, but just in case your idea of a romantic getaway includes a candlelight dinner, our complete kitchens include: Glass-top stoves Full-size refrigerators with ice makers Microwave ovens Dishwashers Coffee makers We even offer optional steak or chicken dinner packages, allowing you to prepare an enjoyable dinner at your own convenience without having to bring all the fixings. Read More About Dinner Options Our property is a big part of what we are. Though convenient to several cities, we are worlds away from the pace, clutter, and noise of urban lifestyles. One of our primary initial objectives was to help preserve a beautiful, natural setting and make it accessible to others. Situated on over 32 acres, the cabins are tucked into the edge of native woods and overlook a clover meadow. On the other side of the meadow, are wooded lowlands through which Sugar Creek meanders. We encourage guests to spend some time lounging on the screened deck, rocking in the front porch glider, strolling the property or taking a walk down to Sugar Creek (weather and conditions permitting). With minimal effort, you're likely to see some of the many types of wildlife that frequent the property, including deer, countless varieties of birds, wild turkeys, raccoons, and more.
